Columbia, SC 29210

RE: Piedmont Natural Gas Company, Inc.  
Notice of New Natural Gas Construction Project  
Docket No. 2012-278-G

Dear Ms. Boyd:

Piedmont Natural Gas Company, Inc. ("Piedmont" or "Company") is required to notify the Public Service Commission of South Carolina ("Commission") "[o]f any construction projects resulting in a cost of \$500,000 or more." See 26 S.C. Code Ann. Reg. 103-412.2.7. In compliance with Commission regulation, this letter serves as notification to the Commission that Piedmont plans to replace the regulator station located northeast of the intersection of Antioch Church Road and Augusta Arbor Way in Greenville, SC with a new station to accommodate anticipated system growth in this area and reduce station piping velocities which will minimize potential pipe wall erosion and reduce excessive noise. The new station will be located adjacent to the existing station on the north side of Antioch Church Road. The new station will connect to existing Line 378 on the inlet side and will connect to two distribution mains on the outlet side. Piedmont expects to complete construction on this project (F0230712/CP0231882) by the end of October 2020.

By copy of this letter, Piedmont is also notifying the ORS of this construction pursuant to S.C. Code Ann. Reg 103-412.2.7(A).

Please do not hesitate to contact us with any questions.

Sincerely,

/s/ T. Richmond McPherson III  
T. Richmond McPherson III
